Portfolio: <https://caldeseios.vercel.app/> | **LinkedIn:** <https://www.linkedin.com/in/luis-calderon-962a57258>

Availability: Available to start immediately

Professional Summary

Results-driven Software Engineer with 2+ years of experience in full-stack development and ERP systems implementation. Proven expertise in designing, developing, and maintaining complex web applications using PHP, JavaScript, Node.js, and modern frameworks. Specialized in ERP modules including billing, inventory management, point-of-sale systems, payroll, and asset management. Strong background in data analysis using Python, R, and Power BI. Experienced in requirements gathering, database optimization (MySQL, MariaDB, SQL Server), and delivering scalable solutions. Fast learner with a passion for emerging technologies and commitment to code quality.

Work Experience

Software Engineer - Full Stack Developer

CSG | Costa Rica | Apr 2024 – Present

- Architected and developed comprehensive ERP system modules serving multiple business functions including billing, inventory management, product traceability, and asset management
- Designed and implemented complete Point of Sale (POS) system with cash register module, including transaction processing, cash drawer management, and daily closing procedures
- Built end-to-end payroll management system handling employee administration, salary calculations, liquidations, holiday bonuses (aguinaldos), deductions, and comprehensive reporting with data visualization
- Developed purchasing and procurement module integrated with inventory and accounting systems
- Created interactive dashboards and data visualizations applying advanced data analysis techniques to provide business intelligence insights
- Conducted requirements gathering sessions with internal stakeholders and external clients to define project scope and technical specifications
- Optimized SQL queries and database performance for MariaDB and MySQL, improving system response times
- Provided technical support and system maintenance for production applications
- **Technologies:** PHP, JavaScript, Node.js, MariaDB, MySQL, HTML, CSS, Power BI

Web Developer & Data Analyst

Freelance | Remote | 2023 – Present

- Develop custom web applications using PHP, JavaScript, React, and Node.js for diverse client requirements
- Create comprehensive reports and interactive dashboards using Power BI and Python for data-driven decision making
- Perform data analysis using Python, R, and SQL to extract actionable insights from business data
- Design and implement responsive user interfaces with HTML, CSS, and modern JavaScript frameworks
- Manage project lifecycles from requirements gathering through deployment and maintenance
- Collaborate with clients to understand business needs and translate them into technical solutions

IT Support Technician

Compu Servicios Gomez | Costa Rica | Sep 2018 – Dec 2018

- Provided technical support for hardware and software issues, ensuring minimal downtime
- Maintained and troubleshoot computer systems and networks
- Assisted users with technical problems and system configurations

Technical Skills

Programming Languages: PHP, JavaScript, Python, C#, Node.js, R, Java

Web Technologies: React, HTML, CSS

Data Analysis & Visualization: Python, R, Power BI

Databases: MySQL, MariaDB, SQL Server

Version Control: Git, GitExtensions, GitBash

Frameworks & Tools: Spring Boot (Java)

Core Competencies: ERP Systems Development, Full Stack Development, Data Analysis & Visualization, Requirements Gathering, Database Optimization, Agile Methodologies

Education

Bachelor's Degree in Computer Engineering

Universidad Estatal a Distancia (UNED) | Costa Rica | Apr 2022 – Dec 2024

Technical in Data Analysis

Universidad Empresarial | Costa Rica | 2025 – Present

Technical in IT Support and Computer Science

CTP Calle Zamora | Costa Rica | 2016 – 2018

Certifications

- **Java & Spring Boot G4 – ONE** | Alura LATAM & Oracle | 2023
- **CCNA 1: Introduction to Networks** | CTP Calle Zamora | Feb 2018 – May 2018
- **IT Essentials: PC Hardware and Software** | CTP Calle Zamora | Jul 2016 – Dec 2016

Languages

- **Spanish:** Native
- **English:** Intermediate (B1)
